III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

SECOND DAY : SUN

DATE (dd/mm/yy) : 09/10/22

COMPETITION No:2

Time: 09:00

Participation - Round 1

Only the Athletes and Horses, which have taken part in the first Competition, may take part in Round 1 of the second Competition.

• **Participation – Round 2** ○ **Individuals**

The 50 Athletes (plus those tied for 50th place) having the best score deriving from the addition of the scores obtained in the First Individual Qualifying Competition and Round 1 of Team Competition (Second Individual Qualification Competition) are allowed to participate in the Third Individual Qualification Competition which is the Round 2 of the Team Competition.

If the Athletes qualified as above under 3.1.1 are not members of a team which has been qualified to participate in Round 2 of the Team Competition, said Athletes will compete prior to Round 2 of the Team Competition. There will be at least 30 minutes interval between this round and Round 2 of the Team Competition.

○ **Teams**

- Round 2 of the Team Competition takes place after the Individuals have participated. It is open only to the ten best placed teams and those teams equal on Penalties for tenth place after Round 1 of the Team Competition. Teams that withdraw before the start of Round 2 will not be replaced.
- All teams if not eliminated or retiring in Round 1, are allowed to compete in Round 2 of the Team Competition and carry their Penalties forward from the First Individual Qualifying Competition and Round 1 of the Team Competition. Score obtained in Round 2 by members of Teams who are not among the Athletes eligible to compete in the Third Individual Qualifying Competition as mentioned under 3.1.1 above, count only for the classification of their respective teams.

• **11.4. Starting order Individuals and Teams – Round 1:**

The starting order for Round 1 is drawn in the presence of the Ground Jury, the Foreign Technical Delegate and the Chefs d'Equipe, at a time fixed by the President of the Ground Jury in agreement with the OC after the training session. The draw for the starting order for individuals and teams will be conducted in accordance with the procedure laid down in JRs Art. 252. The Chefs d'Equipe of teams with only three Combinations may choose in which of the three places out of four they will start their Athletes. For individual, first to start in Round 1 of the Team Competition are all individuals. The starting order of individual Athletes in Round 1 of the Team Competition is according to the reverse order of individual classification in the first Competition. In case of equality of Penalties for any place Athletes retain the same starting place as in the first Competition. For team, following the first Individual Competition, teams are divided into two groups based on the results of the best three Athletes in each team. The first group of teams to start in the first round of the Team Competition is that with teams placed eleventh and beyond. The group with teams placed first to tenth and those tied for tenth place start last. Teams in each group start in the reverse order of classification resulting from the first Individual Competition. There is a draw to decide the starting order for teams in case of equality of Penalties.

○ **Individuals – Round 2**

11.4.1.1 First to start in Round 2 of the Team Final Competition are all individuals. The starting order of the Individuals qualified to compete as mentioned herein above is set according to the reverse order of the aggregate Penalties incurred in the First and the Second Individual Qualifying Competitions. In case of Athletes with equality of Penalties, the score of the first Competition will decide their starting order.

○ **Teams – Round 2**

The starting order of Teams in Round 2 is set according to the reverse order of total Penalties of the best three Athletes per team incurred in the First Individual Qualifying Competition and of the best three Athletes per team in the Round 1 of the team Competition. Teams with equality of the Penalties retain the starting order of Round 1.

- Scores of Individuals who are members of any team eligible to participate in Round 2 as provided herein above will count for the classification of their team in

the Team Competition but also as their personal result in the Third Qualifying Competition if they are among the Athletes mentioned above.

• **Team Placing**

Teams receive their placing by adding the Penalties incurred by the best three Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. The team which has obtained the least number of penalties will be placed first. In the event of equality of Penalties between teams for fourth place, there will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 375 m per minute. In case of equality of Penalties for any other placing, teams will be placed equal.

The score in this jump-off is obtained by adding the Penalties incurred by the three best Combinations in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump off added together will decide the team classification as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual Athletes.

If after the jump-off there is equality of Penalties and time for classification, the teams concerned will take part in another jump-off.

Teams not taking part in Round 2 of the Team Competition providing they are not eliminated or retire in Round 1 receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the Round 1 of the team Competition.

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

2.1. ATHLETES, OWNERS AND SUPPORT PERSONNEL

2.1.1. Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

2.1.2. Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

2.1.3. Press Equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

4. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

5. STEWARDING

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.

- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

6. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

7. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

* The OC must provide additional prizes for the remaining placed athletes to fulfil quota of one prize per four athletes. The amount to be given to each of these athletes must be stated in the Schedule.					

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

Space for organiser to include details if necessary

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

10. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the Competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated for the original Competition for each group. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must

be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the FEI World Cup™ Competition. For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
